BUSINESS Path

- *Treat Customer with Courtesy*
- *With confidence in the integrity of our customers*
- *Focus on customers satisfaction with an attention to responsiveness reliability and quality*
- *Committed to providing leading edge technology to satisfy market need*
- *Our strong team ethic to deliver customer satisfaction*
- *Honesty and integrity are TopON core values*

BRIEF INTRODUCTION

COMPANY PROFILE >>

Through the four-year development, TopON Hong Kong Co., Ltd. (hereinafter referred to as TopON), formally established in Hong Kong in June 2005, has now grown into an enterprise integrating R&D, production and sale and possessing professional solutions for laptop batteries, adapters and batteries of digital products and has walked through a steady development road from OEM and ODM business to its own brands and from partially to fully actualizing independent R&D and production of high-performance products. Our factory, Shenzhen TopON Science & Technology Co., Ltd. is located at Hongpai Technological & Industrial Park, Tianfu Road, Fuyong Town, Baoan District, Shenzhen (only 2km away from Shenzhen Baoan International Airport), which presently covers the area of 6,000m². The products are oriented to middle and high-grade consumers and are mainly sold to countries and regions in Europe, America, Asia, etc. The monthly capacity for laptop batteries is 100,000, for laptop adapters 200,000 and for digital products and chargers 550,000. The company has advanced production equipment and technologies, fully introduces such international management systems as ISO9001:2008 and ISO14001:2004 and persists in innovative and enterprising spirits, which guarantee our company to provide customers with the optimal products and services.

Main products:

1. Laptop battery/ adapter series:

There are over 600 kinds of laptop batteries and adapters that can substitute those of DELL, IBM, TOSHIBA, SONY, COMPAQ, HP, APPLE, ASUS, ACER, SAMSUNG, etc. The products have stable quality, good compatibility, long life time, high capacity, overcharge resistance performance and low self-discharge. In July 2009, our company initiated laptop batteries with three-year warranty period and more than 1000 cycle lives, which have smoothly passed the identification and acceptance of experts and are being popularized towards the world.

2. Digital battery/ charger series:

There are over 300 kinds of digital batteries and chargers that can substitute those of Canon, Sony, Fuji, Kodak, Nikon, Olympus, Konica, Panasonic, Kyocera, Sanyo, Sharp, JVC, Samsung, Casio, Minolta, Pentax, Patriot, BenQ, etc. The products have stable quality, good compatibility, long life time, overcharge resistance performance and low self-discharge.

3. Intelligent charger series:

They are specially designed for lithium ion batteries of laptops and medical equipment, which can charge and discharge lithium ion battery packs (2S, 3S, 4S, etc.) with different capacities and voltages and can activate batteries with too low voltages due to long time storage. There is no need to set parameter When being used. Each charge box can charge and discharge five batteries with different models at a time; they can be equipped with charge interface cables for batteries with various models according to the needs of consumers.

Features & Advantages:

1. "TopON", as our major brand, has become one focus at electric exhibitions for its excellent quality and perfect services and also has become the best-sellers throughout the world.
2. Take up OEM orders, produce various tailor-made batteries and pack brand products for you.
3. Conform to market demands and constantly launch new products by direct sale from the factory, at Reasonable prices and with high quality and sincere services.

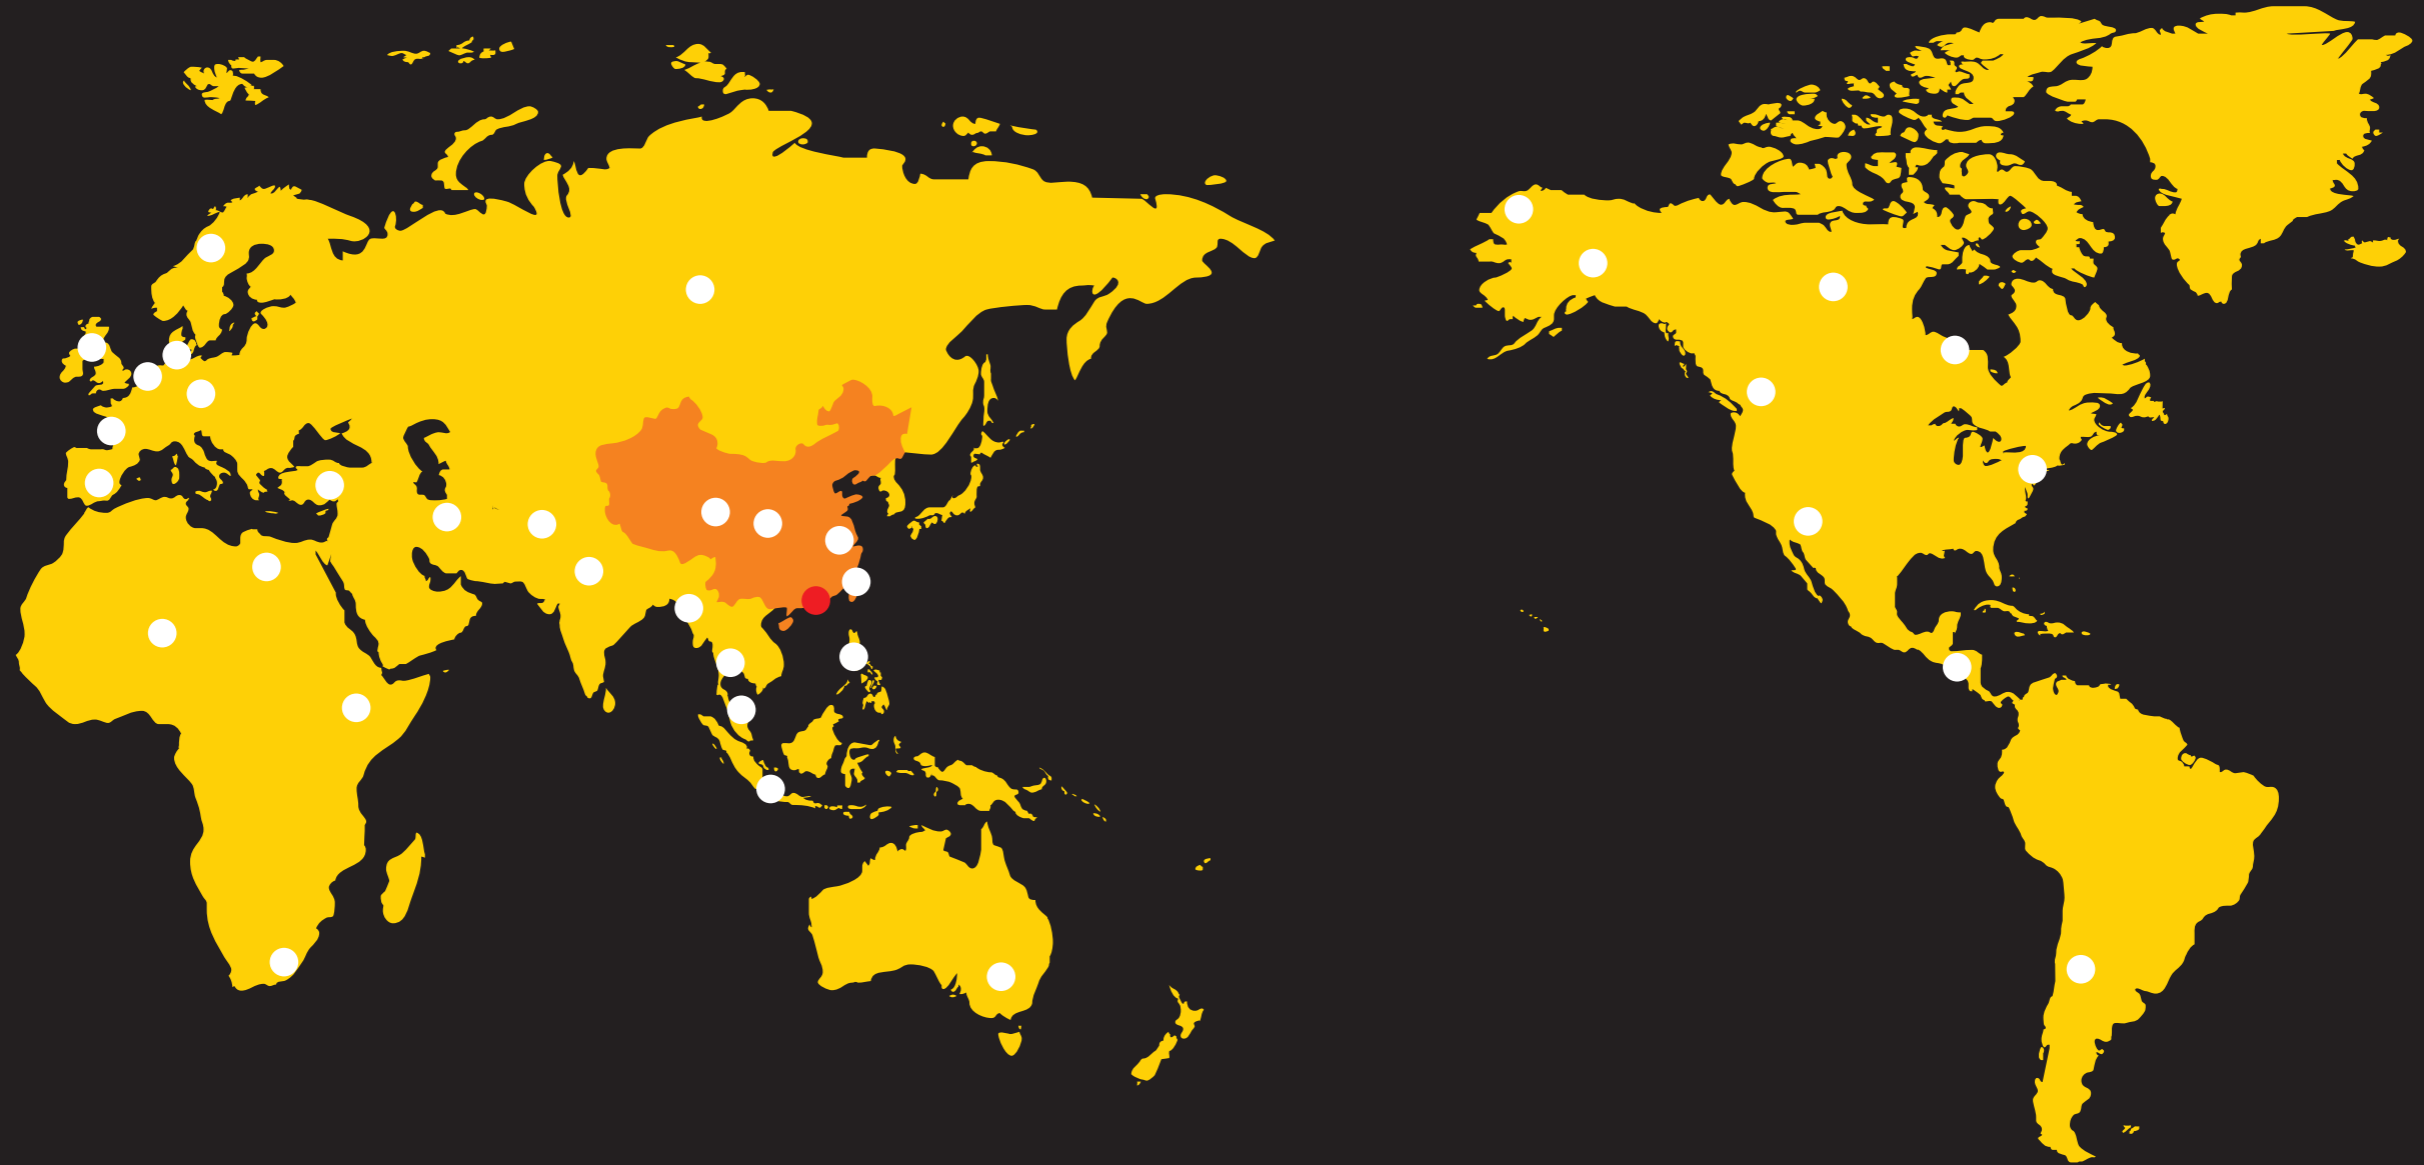

FACILITY ENVIRONMENT

Our quality concept:

A person's destiny is determined by his character;
An enterprise' destiny is determined by the quality of its products;
The key to quality lies in how to prevent hidden problems;
100% quality assurance, cultivation of zero defects;
Reject the defect habits that can be confirmed.

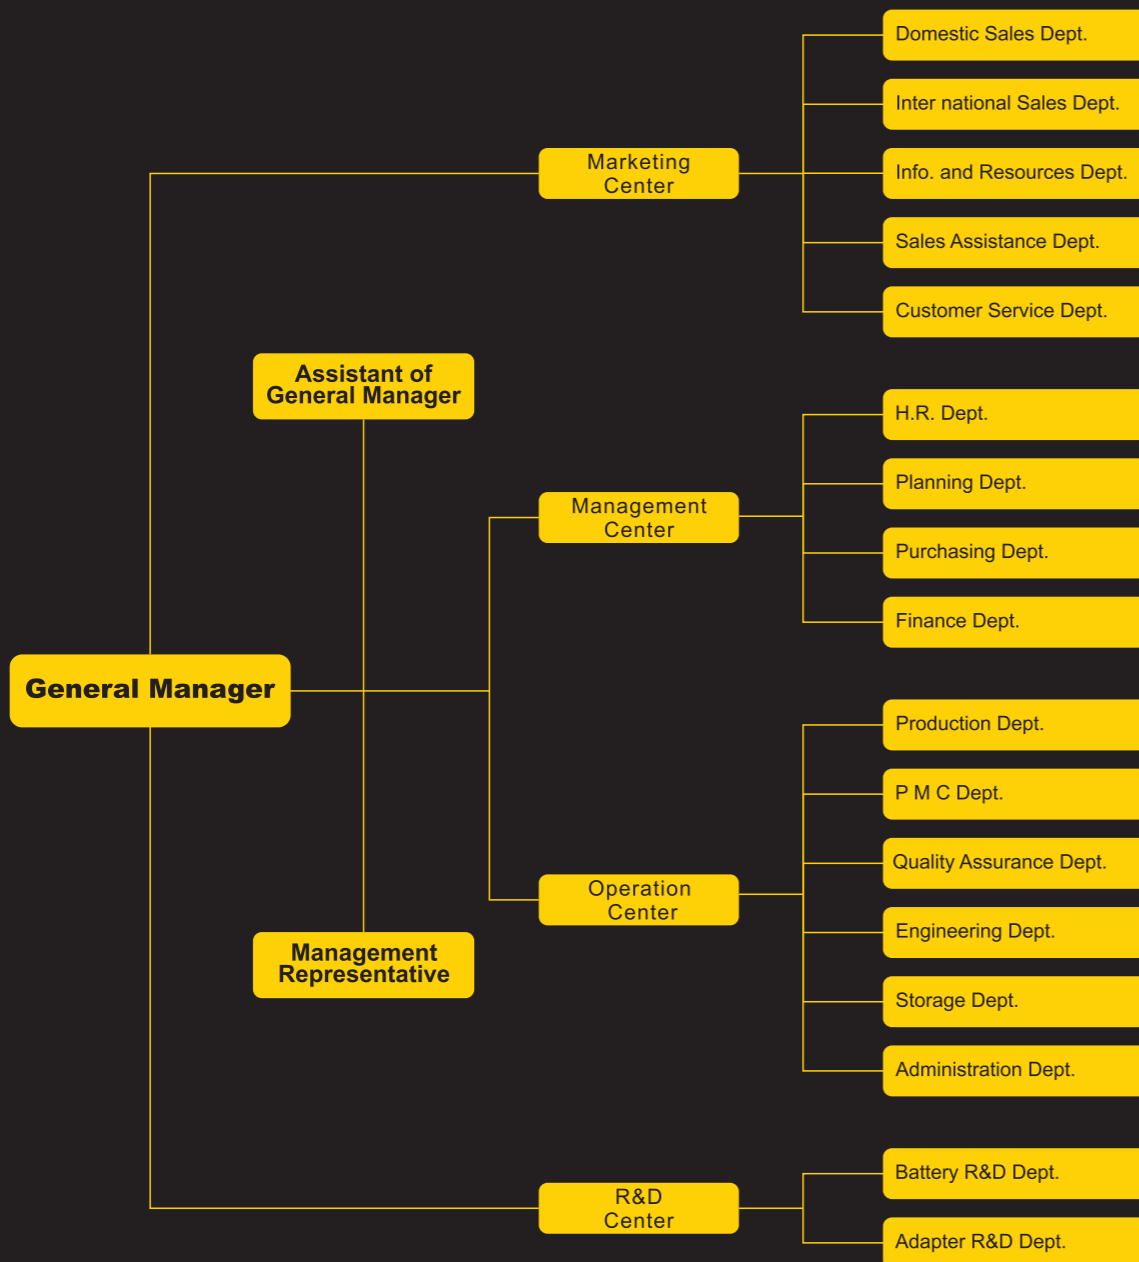

STRATEGIC PARTNER

TopON constantly adheres to such a core value as “creating values for customers and assisting employees in achieving dreams”, which serves as a core guideline in directing our all business operations. So far, we have successfully established cooperation relationships with approximate 200 dealers and distributors in Russia, USA, Germany, Canada, Poland, France, UK, Turkey, Malaysia, Singapore, etc. Our business agents and technical representatives conduct close cooperation and exchanges with customers so as to further deeply know the demands of customers and develop the next-generation solutions. Moreover, we have also built strategic cooperation relationships with the world-class leaders who overcome arduous difficulties and achieve success by technologies.

COMPANY STRUCTURE

TopON has nearly 300 employees with the average age of 27, more than 60% of whom have bachelor degrees or above, except for employees at the production line. TopON advocates the work style of "preciseness, practicality and high efficiency" and establishes a perfect talent cultivation system by virtue of such a talent concept as "making achievements at posts and occupying posts by achievements".

SMART Laptop Battery Charger Unit (T4)

Spec: Input 110V/220V AC 50/60Hz

Product Feature: This product is designed for lithium ionization cells such as laptop battery and medical equipment battery cells, which can charge/discharge lithium ionization cell units of various capacities and voltages (e.g.: 2S, 3S and 4S), with the capability of battery reactivation that may enable and charge/discharge the low voltage battery cell of too long storage time, and the modes of which are also constant current and voltage charge and constant current discharge. The unit is operating simply through the only three buttons free of any parameter setting. There are 5 independent charge ports on every charger unit, which are capable of charging/discharging 5 battery cells of different models of laptop, and it can also be equipped with charging port cable of different types of battery cell according to the client's requirements.

Notebook battery

- “Environmental Protection and Smart Chip control” technology, energetic power, longer using time, higher stability, no memory effect, fast charge, longer cycle life.
- We have spent large fund on development and research of the “Environmental Protection and Smart IC controlled” to guarantee the safety and reliability of each battery after 72-hour aging test.
- PC and Anti-Shock case combined with accurate Ulro-sonic welding technology could prevent any damage and aging, thus help You to use the battery in a easy way and longer using time.
- 5 auto-protection functions on over charge, over discharge, over current, over heating and short circuit
- The production line includes more than 300 batteries QC controls on quality, compatibility, long life, high capacity, little self-discharge and overcharge durable, applicable to Laptops of different brands such as IBM、TOSHIBA、SONY、DELL、COMPAQ、HP、APPLE、ASUS、ACER、SAMSUNG.

Notebook adapter

- The adapter has been passed the aging test over 24 hours to guarantee the safety and reliability.
- Rated Input: 100-240V 50/60HZ
- Please kindly match the adapter to correct notebook model.
- Please confirm the standard of adapter AC plug and make a proper choice for your notebook adapter.
- Inside AC Plug: China Standard、European Standard、U.K. Standard、U.S.A. Standard、Australia Standard .
- The production line includes more than 200 AC Adapters controls on quality, compatibility, long life, applicable to Laptops of different Brands such as IBM、TOSHIBA、SONY、DELL、COMPAQ、HP、APPLE、ASUS、ACER、SAMSUNG.

UNIVERSAL CAR AND HOME CHARGER FOR LAPTOPS AND DIGITAL TECHNICS

Functions and features:

- 2 inputs: from car cigarette charger and from home electricity network
- slim size (113 × 64 × 25 mm) with high powerful output (up to the 100W)
- 11 changeable tips which are compatible with most popular laptop brands
- 6 automatic protection functions:
 - input under-voltage protection
 - output over-voltage protection
 - output short-circuit protection
 - output over-current protection
 - output overload protection
 - over temperature protection
- low energy consumption during “without load” mode (less 1W)
- additional USB port for digital technics (5V power)
- stylish metallic case with advanced heat exchange
- conform to CE, RoHS and UL Certifications
- easy to plug and use

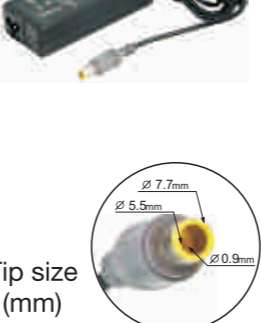

UNIVERSAL EXTERNAL BATTERY FOR LAPTOPS AND DIGITAL TECHNICS

Functions and features:

- 13mm depth and 500g weight. Can be charged while discharge
- high capacity battery provides up to 20 hours of extra work time
- wide compatibility range for various laptop models
- 6 automatic protection functions:
 - input under-voltage protection
 - output over-voltage protection
 - output short-circuit protection
 - output over-current protection
 - output overload protection
 - over temperature protection
- stylish metallic case with advanced heat exchange
- additional USB port for digital technics (5V power)
- conform for CE, RoHS and UL Certifications
- easy to plug and use
